PROFESSIONAL SUMMARY

Motivated and passionate **Bachelor of Computer Applications (BCA)** student with a strong foundation in **Web Development, Java Programming, Computer Science Fundamentals, and Artificial Intelligence**. Experienced in developing responsive web applications using **HTML, CSS, JavaScript, REST APIs, Git, and GitHub**. Passionate about building scalable software solutions, solving real-world problems, and continuously learning modern technologies. Seeking a **Software Engineering Internship** to contribute technical expertise while growing in a collaborative engineering environment.

EDUCATION

Bachelor of Computer Applications (BCA)

Shri Varshney College, Aligarh

Affiliated to Raja Mahendra Pratap Singh State University, Aligarh

Expected Graduation: 2027

Current Academic Performance (Till 4th Semester): 74%

Higher Secondary (Class XII)

Nathuram Shusheela Devi Saraswati Vidya Mandir Inter College, Ganjdundwara

UP Board | 2024

Percentage: 88.4%

Secondary School (Class X)

Nathuram Shusheela Devi Saraswati Vidya Mandir Inter College, Ganjdundwara

UP Board | 2022

Percentage: 79%

TECHNICAL SKILLS

Programming Languages

• Java

• JavaScript

Web Technologies

• HTML5

• CSS3

• Responsive Web Design

• REST API Integration

Computer Science Fundamentals

• Database Management System (DBMS)

• Operating Systems

• Computer Networks

Developer Tools

• Git

• GitHub

• Visual Studio Code

• AI Productivity Tools (ChatGPT, Gemini, Blackbox AI)

PROJECTS

Notevora AI – AI-Based Learning Platform

Technologies: HTML5, CSS3, JavaScript, REST API

Live: https://notevora.netlify.app/

- Developed an AI-powered educational platform that helps students access study materials and learning resources through an intuitive interface.
- Integrated external APIs to enhance functionality and improve user experience.
- Designed a fully responsive interface optimized for desktop and mobile devices while maintaining clean and reusable code.

Smart Study Planner

Technologies: HTML5, CSS3, JavaScript

Live: https://create-study-plan.netlify.app/

- Designed and developed a responsive study planner that enables students to organize daily study schedules efficiently.
- Implemented a modern and user-friendly interface focused on improving productivity and time management.
- Optimized application performance and responsiveness across multiple devices.

Weather Forecast Application

Technologies: HTML5, CSS3, JavaScript, Weather API

Live: https://checkweatheranycity.netlify.app/

- Built a real-time weather forecasting application using REST APIs.
- Implemented dynamic weather updates based on user input with a clean and interactive interface.
- Improved usability through responsive layouts and efficient API integration.

Personal Portfolio Website

Technologies: HTML5, CSS3, JavaScript

Live: https://rudranshsharma-portfolio.netlify.app/

- Developed a professional portfolio website to showcase technical skills, projects, certifications, and achievements.
- Implemented responsive layouts, smooth navigation, and modern UI principles.
- Focused on performance optimization and user experience across different devices.

CERTIFICATIONS

Alpha – DSA with Java

Apna College

Generative AI for All

Physics Wallah × Microsoft

AI/ML Launchpad Bootcamp

Physics Wallah × NSDC

CORE COMPETENCIES

- Frontend Web Development
- Responsive UI Development
- API Integration
- Problem Solving
- Object-Oriented Programming
- Version Control (Git & GitHub)
- Team Collaboration
- Continuous Learning
- Analytical Thinking

LANGUAGES

- Hindi (Native)
- English (Professional Working Proficiency)

INTERESTS

- Software Engineering
- Web Development
- Artificial Intelligence
- Competitive Programming
- Problem Solving
- Learning Emerging Technologies

ADDITIONAL INFORMATION

- Open to Internship and Software Engineering opportunities.
- Passionate about building impactful web applications and continuously improving programming skills.
- Currently strengthening expertise in **Data Structures & Algorithms using Java**
